A University of Kent Academies Trust School

June 2022

Dear Parent/Carer,

RE: Careers Fair

At Brompton Academy we have a stable careers programme that over the academic year provides students with a range of activities and experiences linked to careers. We hope to provide independent advice and guidance to students so they can make informed decisions about their futures, whatever they may hold.

The flagship event, where local and national employers visit the academy to support and engage with students, is to be held on **Tuesday 12th July 2022** at the academy. Throughout the day students will have timetabled access to a wide range of employers, giving them the opportunity to understand the world of work, appreciate specific employment sectors and ask questions. We have also invited a local further education provider so students can investigate technical education opportunities and qualifications.

We are very excited to be welcoming over 20 employers on site, which is a significant development from last year and the restrictions imposed by the pandemic. We have provided an up-to-date list of the employers visiting us below and identified the sector they work in.

We have always regarded careers as an integral part of the curriculum at Brompton Academy and see this Fair as a brilliant additional opportunity for students to gather all the information they need when it comes to making informed decisions on their future employment and life choices.

Employers attending the careers fair on 12 July 2022

Employer	Sector
All Task	Construction
Ask Apprenticeships	Apprenticeships - All Sectors
Cyber Security	ICT
