

The University of Kent Academies Trust (UKAT) Sixth Form at Chatham Grammar is dedicated to recovering lost curriculum of all Key Stages including Key Stage 5.

At Key Stage 5 our intention is to deliver a programme of small group personalised tuition programmes supported by the 16-19 tuition fund, including but not limited to:

- Support sessions delivered by qualified teachers and experienced support staff in English and Maths for those learners not having achieved a grade 4 at GCSE.
- Resources and materials to support independent study and prepare students for their exams
- Support students with special educational needs or from disadvantaged backgrounds to engage and transition to post sixteen study.

UKAT Sixth Form at Brompton Academy is committed to using the tuition funding to mitigate against the impact of the pandemic on our students who meet the criteria, therefore not achieving a grade 4 in English or Maths before the age of 16. All support sessions will be limited to 3-5 students and take place beyond normal timetabled hours.
