

Applying to University and the UCAS process at UKAT Sixth Form

Going to university is an exciting experience. However, the application process can be confusing, with so much information available and so many choices to make. Selecting the right course and writing the perfect personal statement, can seem like a daunting prospect for most. With this in mind, we aim to make this process as simple as possible by offering a bespoke course of sessions tailored to the needs of the individual students. Working in partnership with the University of Kent, the Stepping Up Programme introduces students to Ambassadors from the university to guide them through the workshops over a number of weeks.

As part of our support for students with the application process, we have purchased a package of online programmes that give students the tools they need to search and select courses, campuses, student accommodation, nightlife and fees. The UniFrog system creates individual shortlists, whilst being able to compare and make informed choices for their future.

Keeping up to date with UCAS at UKAT Sixth Form!

With all of the information, dates and deadlines that come as part of applying to university, we know it's important for students to be kept up to date and informed. That's why we have our own UKAT Sixth Form twitter feed, providing students with all the latest UCAS news and notifications to keep them calm and up to date during the application process.

Support from UKAT Sixth Form Staff.

With a dedicated UCAS advisor and staff trained to support groups through the process, UKAT Sixth Form have the experience and skills required to ensure all students have the opportunity to go on to further and higher education. Our successes over the past 5 years have seen our numbers gaining a place at university increase each year.
