Dear Parent/Carer

RE: Student Medication Changes - Brompton Academy

We are writing to inform you about some important changes regarding student medication at Brompton Academy.

All student medication requires a completed Medical Consent Form, which confirms details of the medication that is prescribed for the student and information regarding how the medication is to be administered. Medical Consent Forms can be downloaded from the Academy website, or alternatively, please click on the below link to download a form:

http://www.bromptonacademy.org.uk/uploads/asset_file/3_0_medication-consent-from-may-2016-pdf.pdf

Please note that telephone consent will not be accepted.

Medical Consent Forms will be renewed throughout the academic year to ensure that any changes are picked up and medication is changed, updated or destroyed. You can discuss any concerns that you have regarding student medication with myself, Simon Richter by emailing simonrichter@bromptonacademy.org.uk or by telephoning 01634 852341.

All student medication is based with the Community Team at the Academy. Students should collect their medication from the Community office during the Academy day. Students are not permitted to carry any medication around with them during the Academy day. Should you have any questions or concerns, please contact Julia Culham in the Community team by emailing juliaculham@bromptonacademy.org.uk or by telephoning 01634 852341.

If your child is taking regular prescribed medication or short term medication, such as antibiotics (which are not expected to last more than one week), you will still need to complete the Medical Consent Form, as mentioned above.

All medication must be in its original packaging with the original pharmacy label stating the child's name, medication and dosage and handed to Julia Culham in the Community office. Please see above contact details.

If your child is in the Eliot Centre, please ensure that all medication is handed to Cami Debont in the Eliot Centre office. If you should have any questions or concerns, please contact Cami Debont by emailing camidebont@bromptonacademy.org.uk.

Thanking you in advance for your continued support.

Yours sincerely

Simon Richter
